TO HONOR PIONEER OF PRESBYTERIANS

Church to Celebrate 50th Anniversary of Makenzie's Arrival on Eastern Shore.

Presbyterians of all Virginia are interested in an anniversary which will be celebrated on the Eastern Shore next Wednesday, October 11. This is the 50th anniversary of the organization of a group of Eastern Shore churches by the Rev. Francis Makenzie, an Irish Presbyterian minister, in 1833.

Whether any local Presbyterians will attend the event has not been learned. Dr. J. Ernest Tucker of Norfolk will preside at the meeting to be held at Rebooth, Md., and the Rev. R. B. McGrain, also of Norfolk, will perform a similar function at the exercises at Makenzie Park, Va., where a monument to the early pastor will be unveiled. The Rev. Dr. W. H. T. Equine, also of Norfolk, is president of the anniversary committee.

Makenzie founded the first of a group of Presbyterian churches in the eastern part of the United States in 1833 and is generally considered the father of Presbyterianism in the United States. He came to the New World following the growth of the Free Presbyterian Church in Scotland through a revival in the northern part of the island.
